2012 (K-5), 2013 (6-8)

- Elementary School Innovation
- Middle School Linkage
- Health

Levy Performance Measures

- Missing fewer than five days each semester
- Making gains on state assessment for English language acquisition
- Achieving growth targets on state and district assessments in math and reading
- Meeting grade-level standards on state assessments in math and reading

Levy-Funded Community Partners

- Odessa Brown Children's Clinic
- Reading Partners

Levy-Funded Key Strategies

- Partnership with Odessa Brown to provide family-centered health, mental health, and health care access services
- Additional small group math and reading instruction provided by certificated Math and Reading Specialists for targeted elementary students
- Expanded in-school intervention classes for middle school students in need of additional math instruction and support
- Extended day learning opportunities for ELL students utilize an evidence-based software program to support students' English language development
- School-wide attendance campaign in partnership with community based organizations encourages on time, daily attendance
- Schoolwide implementation of Social-Emotional Learning Curriculum as part of a comprehensive Positive Behavioral Interventions and Supports (PBIS) system
- Case management connects families with resources, guidance and referral services to help address basic needs such as housing, food, transportation, physical and mental health, employment, personal safety, legal services, and parent education
- School based health center services focus on treating and preventing health issues that interfere with academic achievement, including immunizations, chronic disease management, reproductive health care, oral health, and behavioral health counseling
