PROGRAM OVERVIEW

(Check all applicable)

Seattle Area(s) Served:

Northeast Northwest Central Southeast Southwest

Grades Served:

Elementary (K-5) Middle (6-8) High (9-12)

Special Populations Served:

English Language Learners Special Education Other Please specify: High

needs, underperforming students; students with family support/intervention needs

Areas of Support:

Math/Science Reading/Writing Attendance College/Career Language Acquisition
 Passing Core Courses Social, Emotional, Behavioral, and Family Support

Service Delivery:

Before School After School During School Weekends School Breaks

Current Levy-Funded School Partners (if applicable): Madrona K-8

Key Program Strategies (Please provide a brief overview of program strategies including number of students served and program costs):

1. Case Management - This strategy is designed to provide wrap-around case management support for struggling students (due to academic/attendance issues, family conflict, or any other reason.) Case Managers work one-on-one with students and parents to identify their needs, access community resources, improve parenting skills and address children's problem behaviors. Each child/family has an individual service plan and goals and sessions can be held in the school, home or other community location. This strategy is based on the highly successful Readiness to Learn program, which CHSW has offered in various parts of the state for more than 15 years. Each Case Manager serves up to 40 students during the school year (20 at any given time.) The cost of operating this strategy with one Case Manager is \$70,000; the incremental cost of adding a second Case Manager is \$50,000.
2. Parent Education & Support - CHSW works with parents one-on-one and in groups to improve their parenting skills using the following evidence-based curricula: Triple P (Positive Parenting Program - Level 3), Positive Discipline, Strengthening Families, and Parent-Child Home Program (for parents of young children and those with special needs for transitioning to pre-school and kindergarten.) Schools can select from among the available curricula tailored to their needs. The cost of providing parent education and support services to approximately 40 families over the course of the school year (with multiple curricula) is \$30,000.
- 3.
- 4.
- 5.

Results Achieved (Bullets or Brief Description):

- Parent Education - 60% of students with attendance issues will have less than 5 absences/semester; 60% of students with skill deficits will reach typical growth
- Case Management - 75% of students with attendance issues will have less than 5 absences/semester; 75% of students with skill deficits will reach typical growth
