

CENTRAL AREA AND BEACON HILL POTENTIAL GREENWAY CONNECTION

Winter 2017

We are working with the community on creating great streets where people can comfortably walk, bike, take transit, and drive to their destinations. Neighborhood greenways include small improvements like crossing signals, stop signs, and pavement markings that go a long way to make getting around the neighborhood easier.

Let us know what you think about a potential connection between the Central Area and Beacon Hill neighborhood greenways (see map below).

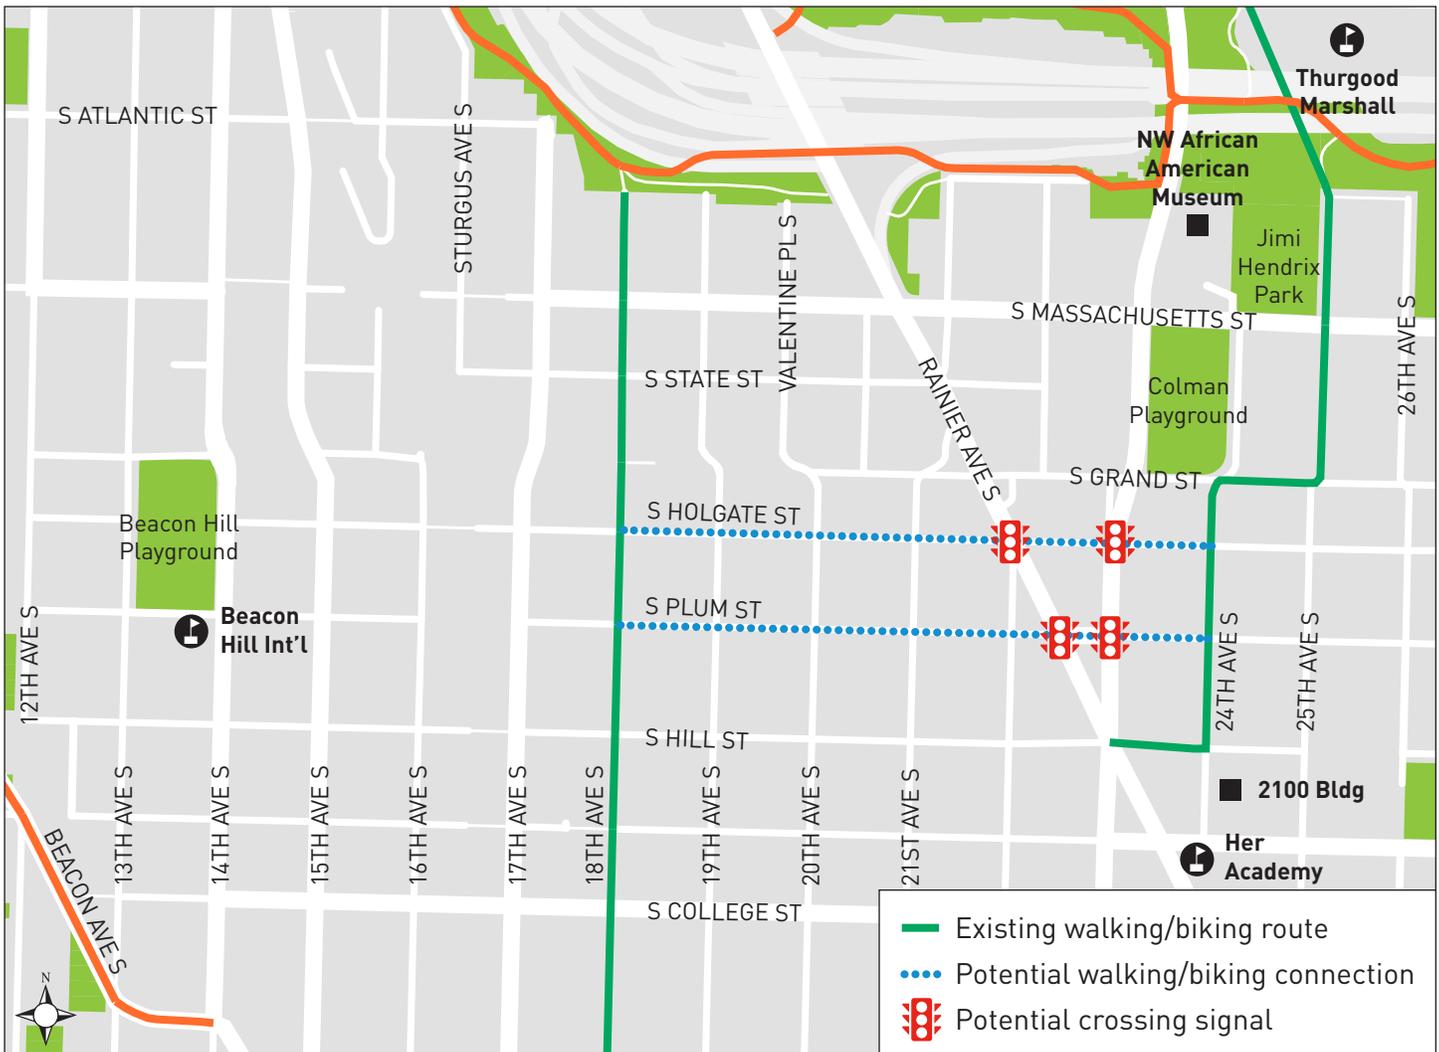

TELL US WHAT YOU THINK!
